

【Haneda Airport】Fixed Fare Table

As of April 20, 2026

This is the fare amount applied to a taxi with a distance-based fare of 500 yen for the first ride.

Calculated taking into account long-distance discounts.

Public discounts are discounts for people with disabilities and discounts for those who have returned their driver's license, and will be applied on presentation of photo ID included in the notebook (including smartphone app) and verifying your identity.

The late-night/early-morning surcharge applies when the whole process from getting on to getting off is between 22:00~05:00 the next morning. It does not apply if you enter or leave the applicable time zone during the ride.

Chuo Ward, Minato Ward, Shinagawa Ward, Ota Ward, Meguro Ward, and Koto Ward, where fixed fares are expected to be below a certain amount, do not have this service.

2026-4.20

500	time zone : 5am~10pm		time zone : 10pm~5am Late night/early morning surcharge
